Rutgers Robotics Workshop 2015

Multiple
Rutgers, ECE Department

2/13/2015 at 09:00 am
CoRE Auditorium

Abstract

On Friday, February 13th, 9AM-3:30PM, the ECE department and the School of Engineering will host a 1-day Robotics Workshop for researchers throughout the university who are interested in robotics research or in novel applications of robotics. Researchers in all disciplines of science and engineering are encouraged to participate. Rutgers Robotics researchers are currently engaged in exciting innovations. This workshop highlights these activities and brings the community together to discuss mutual interests as well as novel opportunities for interdisciplinary research. The agenda will include faculty/researcher talks and a poster session.

Location: CORE First Floor Lecture Hall
Poster Session: Abstract submission deadline is Friday, Feb 6th:
Please send the abstract to kdana@ece.rutgers.edu with subject line Robotics Workshop. Include title, authors, department and abstract. Preliminary Agenda:
9:00-9:15 Opening Remarks
9:15-12:15 Morning Talks
12:15-1:00 Lunch Break/ Poster Setup
1:00-2:00 Poster Session
2:00-3:30 Afternoon Talks
An initial list of confirmed speakers is as follows:
Stuart Shalat, EOSHI, Environmental and Occupational Health Sciences Institute
Dario Pompilli, Electrical and Computer Engineering
Kristin Dana, Electrical and Computer Engineering
Alberto F. De Souza, visiting faculty CS, from Federal University of Espirito Santo, Brazil
Mubbasir Kapadia, Computer Science
Kostas Bekris, Computer Science
Qingze Zou, Mechanical and Aerospace Engineering
Aaron Mazzeo, Mechanical and Aerospace Engineering

Organizer(s): School of Engineering
